Your Touchstone Energy® Cooperative

SINGLE PHASE SERVICE
RATE SCHEDULE A

AVAILABILITY

This rate schedule is applicable to all customers receiving single phase service from the Cooperative for all uses of electric power and energy metered through one meter without demand metering, subject to the Cooperative's rules and regulations.

TYPE OF SERVICE

Single phase, 60 hertz, 120/240 volts.

MONTHLY RATE

Generation Service	
Energy Charge	
All kilowatt-hours	$0.0375 per kWh
Transmission Service	
Energy Charge	
All kilowatt-hours	$0.0054 per kWh
Distribution Services	
Base Charge	$14.00
Energy Charge	
First 1,000 kWh	$0.0345 per kWh
Over 1,000 kWh	$0.0245 per kWh

MONTHLY MINIMUM CHARGE

The monthly minimum charge for Distribution Services component of the above MONTHLY RATE shall be $20.

WHOLESALE FUEL COST ADJUSTMENT

In addition to the above Generation & Transmission Service Energy Charge, the Customer will be billed a wholesale fuel cost adjustment in accordance with Schedule FCA.

SINGLE PHASE SERVICE RATE SCHEDULE A (Page 2)

WHOLESALE POWER COST ADJUSTMENT

Whenever the wholesale power rate increases or decreases above or below the current applicable Buckeye Power, Inc. wholesale rate schedule, the Cooperative may increase or decrease the Generation & Transmission Service Energy Charge by an amount sufficient to recover such change in its wholesale power cost.

TAX PROVISION

All non-federal government and non-exempt Customers served hereunder shall be assessed and billed an energy excise tax in accordance with Schedule EET.

The Customer shall also pay in addition to all other amounts provided herein any other sales, use, franchise, gross receipts, utility, excise, or other tax now or hereafter applicable to the service rendered hereunder or imposed on the Cooperative as a result of such service; provided, however, that no such tax shall be included in the monthly charge if the Customer has furnished to the Cooperative satisfactory evidence of the Cooperative's exemption from liability for such tax.

LOAD CONTROL SWITCH

The Cooperative may install load control switches on qualifying appliances as part of the Cooperative's load management program. If a load control switch is installed on the Customer's electric water heater, the Customer shall be eligible to receive benefits under the Cooperative's water heater fitness program.

TERMS OF PAYMENT

The above rates are net. If the total amount as computed above is not paid in accordance with the monthly statement rendered, then the net bill will be increased by five percent (5%).

Approved by the Board of Trustees: April 27, 2010
Effective: Third Billing Cycle in June 2010
