Monthly Rate Calculation

Lumens	Type	Rate
9,500	High Pressure Sodium Vapor	\$8.00
7,500	Mercury Vapor	\$8.00

Conditions of Service

The above outdoor lighting rates are subject to the following conditions of service:

1. Bracket-mounted luminaries will be installed only on Cooperative-owned poles or structures.
2. New installations requiring one or more poles exclusively for the purpose of rendering outdoor lighting service, the Consumer must pay to the Cooperative a contribution in aid of construction as specified in the Cooperative's Terms and Conditions For Supplying Electric Service. Poles and conductor installed by the Cooperative will remain the property of the Cooperative.

3. The Cooperative will replace burned-out lamps and will maintain the luminaries during regular working hours as soon as practicable following notification by the Customer of the necessity.

Other Luminaries

Luminaries of a type other than a 9,500 lumen rated, high pressure sodium fixture may be installed on request, at the Cooperative's option, pursuant to charges and provisions set forth in a written agreement between the Cooperative and the Customer.

Type of Service

Outdoor Lighting service using overhead conductors and the Cooperative's standard package bracket-mounted luminaries on 30 foot, wood poles.

Terms of Payment

The above rates are net. If the total amount computed above is not paid in accordance with the monthly statement rendered, then the net bill will be increased by five percent (5%).

Tax Provision

The Customer shall pay in addition to all other amounts provided herein any sales, use, franchise, gross receipts, utility, excise or other tax now or hereafter applicable to the service hereunder or imposed on the Cooperative as a result of such service; provided, however, that no such tax shall be included in the monthly charge if the customer has furnished to the Cooperative satisfactory evidence of the Cooperative's liability for such tax.
