## **SINGLE PHASE SERVICE RATE SCHEDULE U (Page 2)**

### **WHOLESALE POWER COST ADJUSTMENT**

Whenever the wholesale power rate increases or decreases above or below the current applicable Buckeye Power, Inc. wholesale rate schedule, the Cooperative may increase or decrease the Generation & Transmission Service Energy Charge by an amount sufficient to recover such change in its wholesale power cost.

### **TAX PROVISION**

All non-federal government and non-exempt Customers served hereunder shall be assessed and billed an energy excise tax in accordance with Schedule EET.

The Customer shall also pay in addition to all other amounts provided herein any other sales, use, franchise, gross receipts, utility, excise, or other tax now or hereafter applicable to the service rendered hereunder or imposed on the Cooperative as a result of such service; provided, however, that no such tax shall be included in the monthly charge if the Customer has furnished to the Cooperative satisfactory evidence of the Cooperative's exemption from liability for such tax.

### **LOAD CONTROL SWITCH**

The Cooperative may install load control switches on qualifying appliances as part of the Cooperative's load management program. If a load control switch is installed on the Customer's electric water heater, the Customer shall be eligible to receive benefits under the Cooperative's water heater fitness program.

### **TERMS OF PAYMENT**

The above rates are for the prepayment option of purchasing electricity.
