

**Union Rural Electric Cooperative, Inc.
Private Lighting Service Agreement**

Agreement made _____, 20__ between Union Rural Electric Cooperative, Inc. (hereinafter called the "Cooperative") and _____ (hereinafter called the "Member");

WHEREAS, the Cooperative owns and operates an electric distribution system, providing electric service to Members; and,

WHEREAS, the Member has requested private lighting from the Cooperative.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto agree as follows:

1. The Cooperative will install, maintain and own all facilities for private lighting. The standard private light consists of a 40 watt LED lamp and fixture with 30" mast arm to an existing URE wood pole.
2. Optional Cooperative-stocked lights and poles may be available upon request. A contribution in aid of construction shall be required for the difference in cost of the nonstandard lamp, fixture and/or additional pole and duplex set forth by the Cooperative. **(Any contribution in aid of construction is permanent and nonrefundable.)**
3. Under the terms of this agreement the Member will be responsible for the applicable monthly charge for a minimum of three (3) years after installation. Request for removal of said light prior to the expiration of the agreement does not preclude the Member from payment of the monthly charge for the remaining period of the agreement.
4. Initial billing for private lighting will be rendered on the first billing date after the light has been installed and in service for at least fifteen (15) days.
5. Final billing for private lighting will be waived by the Cooperative if the request for removal is made fifteen days prior to the next cycle billing date.
6. All right of way clearing on private property where needed shall be provided by and at the expense of the Member in accordance with Cooperative' specifications.
7. Construction work will be scheduled after all payment of fees and or charges and completion of necessary documents.
8. The Cooperative reserves the right to remove any private light. Upon removal, this agreement shall be terminated.
