

URE's COOL RETURNS AGREEMENT

Yes, I would like to participate in the “Cool Returns” energy management program. During summer peak demand periods in late afternoon and early evening, the air conditioner’s compressor is cycled off for 8 or 12 minutes each half hour. By participating, I will receive a ONE TIME \$100 credit that will be applied to my electric bill for each “Cool Returns” switch installed.

In order to qualify, I understand that:

- a. The central air conditioning unit or heat pump must be in reasonably good operating condition.
- b. The air conditioning unit or heat pump shall comply with all applicable local and Ohio electric code requirements. URE employees are required to report any system not in compliance.
- c. The “Cool Returns” radio control switch and air conditioning unit or heat pump **must remain in use for a period of 2 years.**
- d. The cooperative must be notified if the air conditioning unit or heat pump is decommissioned.
- e. Member must be present for installation or member designate a responsible party 18 years of age or older.
